01 PROFILE

Self-driven Bachelor of Commerce (Information Systems) student and software developer who has built and deployed web applications, a full-stack mobile app and live database-backed systems that address real community and business problems in the Eastern Cape. I apply information systems knowledge to the operational and entrepreneurial needs of an organisation, pay close attention to detail, and bring strong communication and organisational skills to every team.

02 EXPERIENCE

Software Developer

Sep 2025 – Sep 2026

Youth@Work (host employer) · YES Programme, sponsored by Fairtree Asset Management (Pty) Ltd

- Built user interfaces in **React and Next.js** and server-side logic and APIs in **C#/.NET**, integrated with **SQL Server and PostgreSQL** databases.
- Translated business requirements and user stories into technical specifications, database schemas and API contracts.
- Wrote unit and integration tests, debugged production and legacy code, and reviewed peer code for quality and security.
- Managed CI/CD pipelines to automate builds and releases; monitored performance and shipped regular updates and security patches.
- Worked in Agile sprints (stand-ups, planning, retrospectives) with designers, QA and stakeholders, and maintained technical documentation and API guides.
- Provided first-line IT support, including weekend shifts: logged, diagnosed and resolved or escalated hardware and software faults.

03 TRAINING & CERTIFICATIONS

HP LIFE — HP Foundation

Effective Business Websites · AI for Beginners · Starting a Small Business · Finding Funding

04 HACKATHONS & EVENTS

Human Rights Hackathon

Defined the problem statement and user flow, built responsive UI screens, and delivered the final demo and pitch.

Telkom10X Hackathon

Built a working web prototype under tight deadlines with a multidisciplinary team; contributed front-end layout and feature prioritisation.

UCT Cortex Hub Fintech Hackathon

Mapped fintech user journeys, designed onboarding and dashboard UI, and showcased a working demo flow.

StartUpGrind All-Star Pitch Battle

Crafted a clear value proposition, prepared slides and demo flow, and pitched live for mentor feedback.
